MANA MOTORS AUTO SKILLS

NOVEMBER

With our rainy winter season fast approaching, now is the perfect time to prepare your vehicle to keep you and your family safe under all driving conditions. Installing a pair of new windshield wipers is a must. On the average, windshield wiper blades should be replaced up to 3 times a year to get the clearest, streak free vision while driving. Another important and often overlooked item is tires. On the average, 7 out of 10 vehicles on the road today have at least one tire that is not within tread depth specifications. Not having enough tread depth can lead to vehicle hydro-planing while driving through moderate puddles on the roadway at speeds just over 30 mph. So having a set of good tires on all wheels can make the difference on arriving to your destination safely.

MILITARY FAMILY APPRECIATION MONTH SPECIAL

In appreciation of dedicated service that our military provide in serving our country, MWR Auto Skills Center would like to extend a special "Thank you" by offering the following special for the month of November to all active duty military. DECEMBER

Proper vehicle maintenance is the key to a happy trouble-free vehicle. By properly maintaining your vehicle, you can save hundreds if not thousands of dollars in repairs. Listed below is a list of low cost maintenance schedules that should be performed yearly or by mileage based on your vehicle's maintenance guide.

1) Oil Service / Filter Change - 3,000 – 5,000 miles / 4 times a year
2) Tire Rotation – every 7500 miles
3) Coolant Service - every 30,000 miles or 3 years
4) Brake Fluid Service - 30,000 miles or 3 years
5) Transmission Service - 30,000 or see owner's manual
6) Engine Performance Tune - See owner's manual
7) Accessory Drive Belts - Inspect every oil service / change every 40-50,000 miles
8) Other maintenance items - Refer to owner's manual

By following these basic service intervals, your vehicle will provide you with longer lasting mileage and trouble-free service. Please contact MWR Auto Skills Center (808-335-4439) for any automotive questions you may have.
